Logotype

A custom logotype, made by building on Soria, a modern art nouveau font, made by Dani. The logo shows the dynamic, enthusiastic and elegant nature of the club and it's language.

waves blue

#0000FF

Helvetica Neue LT Std Medium

Helvetica Neue LT Std Roman

Helvetica Neue LT Std Light

Typeface

Waves, in it's elegant and classical nature, uses Helvetica Neue as it's body font. A clean, modern and timeless typeface.

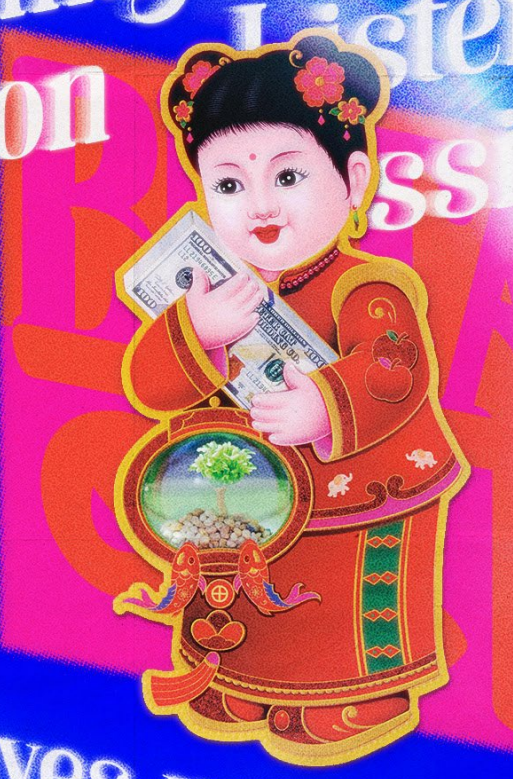

Color

The pure blue color represents a strong, and dense emotion. It's attention catching, bold and unapologetically honest.

ICE
Breaker

a long winter break, ice on frozen speakers; this calls for warmth, a blanket melts the ice away, as waves bloom and crash on the shore

join us for an evening of relaxing and moving music

work, make art, absorb.

what is waves

Music is really **influential, important and life changing**. We've always felt a deep and soulful connection to music, through which we were able to **express** ourselves.

Waves started out as an initiative to **share our passion for music**, to connect with different people over this artform that has moved so many people.

Music flows through waves, artforms gather gain popularity and die out in waves, people communicate through waves.

Waves is a club that appreciates and analyzes music critically and for fun.

We are a club that inspire people to venture into music further and connect different audiences and people together, we discuss intentions, melodies, lyrics and everything in between.

events

We host listening sessions to any & all artists in our college to help them grow in terms of exposure and contribute feedback and support.

For events, we will have Music History and Culture to help promote the event.

We host study sessions and discussions to promote working with music to help promote partnership in working and at the same time appreciating music.

We will partner up with many clubs for events, eg. with 24FPS we could screen musical biopics and music films, celebrating queer music with Hue, exploring photography and music with .Raw and more.

brat

28.08.24 wednesday

our first listening session was brat, there were only two members, Parth and Rik.

It was held at B201, hosted by Parth, a few 10-15 people showed up and participated.

beta

04.09.24 wednesday

our second screening was Beta, by peter cat recording co. Which was also a really interesting session, hosted in the old foundation classroom. A lot of people participated, gave their opinions and loved the album.

short n sweet

25.09.24 wednesday

this was our first session managed and held by a lot of people, this was part of the recruitment process, to know who we should take in the club, and who we shouldn't.

The event was a huge success with a full house, and a lot of new people showing up for the sessions.

ruab

08.10.24 tuesday

Ruab was another successful album session, and our first Indian artist, dhanji, from amdavad.

With proper lyrics, discussion and energy, this was another great session.
